

## Winter – Spring

The pruning is done, the wines are getting finished.

Our partner and friend Rob Bowen, was awarded Winemaker of the Year award in Ray Jordan's 2014 West Australian Wine Guide, for the Domaines & Vineyards' range of wonderful wines that appear under the Pemberley and Robert Bowen labels.

Rob also won the gongs for Best Rose, Best Chardonnay and Best White Wine and Domaines & Vineyards 'Pemberley' was named Best Small Producer.

We are thrilled to welcome a handsome new Labrador to Pemberley; Aust CH. Blackboy Ted E Bear, he is sorting out the pecking order and has noted that cats are ok but are the bosses.

We are also lucky to have several litters of beautiful Bengal Kittens, much time is being wasted playing with and just watching them!

## In The Vines

### Pruning and Spring

The vines have been pruned through the icy and rainy winter days. The vineyard looked trim, neat and clear in the frosty mornings.

Then spring came upon us and the early chardonnay blocks began to shoot in the golden sunshine. The spiders also noticed the changing weather and soon the vines were draped in tiny silvery webs each with a tiny vineyard spider.

Our small flock of guinea fowl, continue to patrol the vineyard on the hunt for any insects that come their way. They loudly cry with the raucous "danger" sound that they able to achieve seemingly without effort at each pass of the wedge tail eagles and this week as a fat and shiny fox wandered into the garden at 2 in the afternoon

Yes it's almost that time...
